

Virtual Tours of Colleges

Tour the college campus without leaving home! These websites offer virtual (online) tours of colleges all across the country. In addition, check the specific college's website for information on academics, the school and the community.

Try to get a feel for the campus virtually on any of the websites shown below. If you have questions, check the admissions page and email the regional representative for our area or the admissions office.

The web can help you do your research before deciding to take a college road trip or submitting an application and pay the application fee.
