Special Transportation Parent/Guardian Permission

Students in the advanced photography and video production courses occasionally need to go to local businesses and organizations in our community as part of their course work. As the parent or guardian of this student, I understand that my student may need to transport them self to photo/video shoots in our community and I allow my student to participate in these events.

Parent or Guardian Name (please print) _____

Signature _____

Name of Student _____ Date _____

Thank you for your assistance with our program.

James Gibowski
